RESPONSE TO REQUEST FOR CORRECTION OF AMENDMENT

Sir:

This communication is in response to the Office Action mailed 21 May 2002 from which the Examiner gave the Applicant one month or 30 days, whichever is longer, to supply a response.

In the Office Action, the Examiner states that the Amendment filed on February 7, 2002 is not fully responsive to the prior Office Action because the Applicant did not identify which added claims read on the elected species of Figs. 1-15.

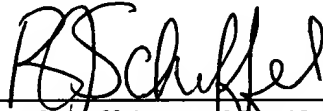

Applicant believes that claims 45-80 are readable on at least the elected species of Figs. 1-15. Applicant hereby submits that the added claims 81-83 all depend from independent claim 1. Applicant believes that independent claim 1 is generic to all elected species.

Applicant therefore believes that this communication is responsive to the Office Action and that all currently pending claims may now be considered.

While a petition for a one month extension of time and applicable fee is filed contemporaneously herewith, if any additional petitions or fees are required, please consider this a petition therefore.

Signed at Denver, Colorado, this 22nd day of July, 2002.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read 'RScheffel', written over a horizontal line.
